

- ***MINISTRY OF MUSIC***

Music engages the community in sung prayer and creates an environment for prayer. Music ministers -- Cantors, Choir members, Musicians -- pray with the community through their gifts of voice and instrument. Those in the music ministry serve in the same manner as those who proclaim the Good News to the community reaching the deepest recesses of the human heart.

Cantors lead the community in sung prayer and the choir assists the cantor and community. Musicians accompany cantor, choir and community. Cantors, choir and musicians must give the necessary preparation time during the week to perform this ministry well. Practice sessions are scheduled by the parish Music Director.
